PREFACE.

It is interesting to observe that but a very small proportion of the World's finest collections, whether of numismatics or subjects of art, are perpetuated. Collections that required a life-time to form and represented the most diligent application and interest, are invariably broken up—and rightly so—again giving to those who appreciate them, the same genuine pleasures in the acquiring as was enjoyed by the former owner.

Just such an opportunity is presented in the Sale of Mr. H. O. Granberg's finest collection as is offered in this catalog.

Mr. Granberg was actively engaged in the formation of his wonderful collection for upward of twenty years, during which time he was a liberal purchaser of everything that in any way tended to improve his numismatic holdings.

Besides his direct interest in his collection, he was intensely interested in and identified with every movement and organization for the benefit of the numismatic science. He served the American Numismatic Association as its President for two terms and also for several years was the Chairman of the Board of Governors of the same organization.

With his intensive interest in numismatics, and his wide acquaintance and extensive travels, he accumulated numismatic holdings of vast value with, of course, a number of duplicates which in themselves formed a fine collection. These duplicate Collections were sold some few years ago.

What is now offered in this catalog represents the finest specimens that Mr. Granberg was able to secure. Many of the finer pieces are from famous Collections; a number of them from the original Dewitt Smith Collection which Mr. Granberg purchased in its entirety. Many are from the final and finest offering of the late Charles Steigerwalt. As a whole, I doubt if a numismatic collection in equal average choice state of preservation has ever been offered.

In describing the condition of the coins, I have endeavored in every instance to "throttle down" my enthusiasm and describe them **just as they are.**

From the success of my past Sales, I know you will find your purchases at this Sale highly satisfactory. In fact, your bids are invited only upon my usual Satisfaction Guaranteed plan.

Kindly send in your bids early.

Cordially yours,

B. MAX MEHL.

THE EXTREMELY RARE RE-STRIKE EARLY DOLLARS

- 29 1801 Re-strike. This and the following two lots are from the Lyman Collection sold in November, 1913, where they were cataloged as follows: "Obv. from a discarded, unused die or from a new die made in the Mint about 1870 to 1876. Letters of LIBERTY smaller and date figures more slender than the original dollars of the year. The stars of the broad, flat style of the large stars eagle of 1799. Border of small beads within rim. The head is probably from one of the old hubs in the Mint. Rev., the die of the older 1804 in the Mint. Border of beads within rim. Edge lettered, the lettering double in the word CENTS. **Perfect brilliant proof.** Very rare, seldom offered. I do not recollect of having ever observed similar specimens offered. Probably only about three or four sets in existence." Cost \$40.00, plus commission at the Lyman Sale in 1913.
- 30 1802 Re-strike. From different hub, with regular stars and size letters of LIBERTY. Figure 2 has a slender curved top without knob, totally different from the figure on the originals. Rev. same die. Edge lettered as before. **Beautiful brilliant proof.** Very rare. From the Lyman Collection at \$40.00.
- 31 1803 Re-strike. Appears to be from an original die. Border of beads within rim, otherwise as last. **Beautiful perfect brilliant proof.** Cost \$30.00.

- 33 1836 Type just as last but with C. GOBRECHT below base. Plain edge. Proof. Extremely rare.

- 34 1838 Liberty seated, 13 stars around, date below. Rev. eagle flying to left, 26 stars. Plain edge. Perfect brilliant proof. Excessively rare. In point of number known, as rare as the 1804 dollar. This specimen is from the Harland P Smith Sale, 1906.

UNITED STATES SILVER HALF DOLLARS.

Philadelphia Mint.

This Collection of Half Dollars contains what I believe to be some of the finest known specimens of the 1795 and 1796.

- 140 1794 Liberty head facing right, LIBERTY above, date below; 7 stars before and 8 behind head: Rev. small eagle with outstretched wings within a wreath; around, UNITED STATES OF AMERICA; edge lettered, FIFTY CENTS OR HALF A DOLLAR. Variety with 11 berries on right branch and 10 on left. Strictly fine, well centered. Rare.
- 141 1794 Variety with 10 berries on right branch and 9 on left. Fine to very fine. Very rare. Far above the average of this rare date.
- 142 1795 Curl passes through point of star; tiny die break at point of bust: Rev. thin wreath, 2 leaves under wings, 9 berries on right branch, and 9 on left. **Uncirculated.** Planchet file marks on obverse, these appear as light scratches but they are only file marks of before striking. Frosty mint surface, does not show the slightest touch of circulation. Very rare. Seldom offered in this choice condition.
- 143 1795 Wide date, curl between lower stars: Rev. heavy wreath, 2 leaves under wings, 8 berries on right branch and 9 on left. The highest portions of reverse is just slightly dulled. The obverse shows slight planchet file marks. **Uncirculated**, broad milled borders, and unusually bold impression with considerable mint lustre. A magnificent specimen. Very rare.
- 144 1795 Curl between last two stars, so-called small head variety, die break from edge of T through Y and 2 stars: Rev. thin wreath, 2 leaves under wings, 8 berries on right branch and 9 on left. **Uncirculated**, usual file marks in planchet, star at point of bust weak. Very rare.

The lower lock not a curl, point of bust touches star: Rev. thin wreath, 2 leaves under wings, 8 berries on right branch and 9 on left. Practically uncirculated, with mint luster, the usual light planchet file marks on obverse. These are often found on all the early silver pieces. Rare.

- 146 1795 Wide date. One point of lower star touches curl. Knob die, break to right of 5: Rev. very thin wreath, 2 leaves under wings, 9 berries on right branch and 7 on left. Beautiful **uncirculated** specimen, slight roughness on edge due from die or in coining. No evidence of wear or abuse. A magnificent specimen. Very rare.
- 147 1795 Different obverse than of the others. Last curl does not touch star, short point of bust; a die break extending from nose to edge through first star from Y, and another light die break from bust to edge, just to right of 5: Rev. heavy wreath, 2 leaves under wings, 8 berries on right branch and 9 on left. TERMS OF SALE

PLEASE READ BEFORE BIDDING.

All bids are entered as received and lots distributed to the highest bidder without reserve. When two or more bids are the same, the first received gets the lot. When two or more unlimited bids on a certain lot are received, the first one received gets the lot at an advance of 5% over the highest bid.

When I receive your bids, I consider myself as your agent and buy the lot for you as much under your bids as the next highest bid will permit. I simply execute your bids for you as faithfully as if you had yourself been present at the sale.

I CHARGE NO COMMISSION FOR EXECUTING BIDS.

Lots sold as catalogued. No lot is broken under any circumstances. Bid by number of lot and at SO MUCH PER PIECE. If there are ten pieces in a lot and you want to offer \$1.00 for the lot, make your bid 10c.

I guarantee all coins and notes to be genuine unless otherwise stated in catalogue. This guarantee holds good indefinitely.

NOTICE TO NEW BIDDERS.

Buying coins at auction sales is not the same as receiving coins on approval. The coins are bought for you on your order and you are of course expected to accept and pay promptly for them. Auction purchases are strictly net cash. Be careful in making your bids. Be sure that you bid for the lot you desire and at so much PER PIECE.

TERMS: The terms of auction sales are strictly cash. Parties unknown to me must send a deposit covering at least 25 per cent. of their bids or send satisfactory reference, otherwise they will not be accepted, as I cannot be expected to ship goods to parties whose good standing is not known to me.

Remittance should be made promptly in any way most convenient to yourself.

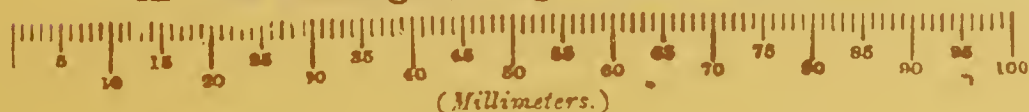

A neatly printed list of prices of this sale, showing amounts realized for each lot, will be sent for only 50c, CASH WITH ORDER. This is surely the cheapest and best method to keep posted on the prevailing prices of coins.

PLEASE SEND IN YOUR BIDS EARLY. All bids must be in on or before Wednesday, July 16, 1919.

If you have any coins that you want to sell either at auction or private sale, write me for terms.
